

WHAT'S NEW WITH TOURTOOLS® V4

- ✓ The new TourTools offers a single easy to understand and user friendly interface.
- ✓ Multiple screen interfaces have been integrated into one tabbed window.
- ✓ Easy searches have been incorporated into every screen.
- ✓ The same great features won the 2015 SYTA Youth First Award.
- ✓ **Now with SaaS Pricing!**

TOURTOOLS® ONLINE

Easily integrate on-line reservations and booking into your website. Increase sales and lower your operating costs by providing your clients easy, secure access to:

- ✓ Online tour schedules and itineraries
- ✓ Check for availability and pricing
- ✓ Make bookings with deposits
- ✓ Change passenger names
- ✓ Request changes or cancellations
- ✓ Request information or brochures

With TourTools® Online you can create complex tour packages in minutes and then, with the click of a button, publish the tour to your website - **READY FOR BOOKING!**

Easily update your web pages with photos and maps and add/delete tours from your website. Control inventory, even last-seat sales, tour package prices, passenger lists and manifests, everything can be managed from your browser.
